- CHROMEBOOK INFORMATION
- CHROMEBOOK USER AGREEMENT (TO BE COMPLETED AND RETURNED AT ORIENTATION)
- SAVE THE DATE FOR FRESHMEN ORIENTATION

Welcome Class of 2026

We look forward to meeting you and helping you navigate through your first year of high school! We want you to know that we are here to help and guide you through all of the ins and outs of your new school and look forward to the start of the new school year.

Orientation will be held on August 16th or 17th. You will be assigned a time slot based on your homeroom once schedules are completed. At orientation, you will be issued your chromebooks, get your Monty Tech email, and learn more about the wonderful opportunities that we have to offer you starting your freshman year.

Your first week of school will be an academic week - 'A week'. Schedules will be given to you at orientation. You might have questions and we will be sure to answer them when we meet. Here are a few common ones that we hope help prepare you for your first days of school:

What school supplies do I need for the first day of school?

We recommend that you have a backpack, your fully charged chromebook, a notebook and writing utensils for the first day. Each teacher will let you know what materials are required for their class so wait until you meet with them before you go and buy school supplies.

What do I wear?

To start, jeans, t-shirt and sneakers are perfect for both academic and shop weeks. We also recommend that you have a sweater or sweatshirt because some classrooms and shops can get cold at times.

How do I get a MT Identification card (ID)?

At orientation we will take your ID picture. You will be issued your ID and lanyard on the first day of school. School ID's are expected to be worn everyday!

What about lunch?

You can either bring your own or pick up a lunch option in the cafeteria. Menus are generally posted monthly on our web page. Information on how to set up an online account through MySchoolBucks will be sent to your parent/guardian in the welcome packet mailed out in August.

Where do I find my bus schedule?

Bus schedules should be posted by mid August so check out our home page at www.montytech.net to see what bus you should be on.

Please email if you have any questions or concerns. We want to make this transition as smooth as possible! Save dates for Freshmen Orientation on August 16th or 17th! We are excited to meet you!

Mrs. Quinn

quinn-alicia@montytech.net

NEED HELP - WE'VE GOT YOU!

Extra Help

Each academic instructor provides extra help one day a week after school.

After School Tutoring

We offer extra help in math, English and biology. This is available to help you prepare for the MCAS as well as get extra support with your classes.

Tech Support and PowerSchool

Videos are available to help with using Google Classroom and Schoology.

Stay tuned for how parents and students can access grades using our new system, PowerSchool!

Visit www.montytech.net and click on "Academics" to see the schedule of extra help and tutoring days.

Click on "Technology Help" to get support with your Chromebook, Google Classroom, Schoology & more!

Click on the late bus icon to learn how you can get home if you stay after school!

How are students placed in shops at Monty Tech?

Freshmen Pre-Exploratory and Exploratory Process

During the first vocational week, all incoming freshmen rotate through a pre-exploratory program that consists of two periods in each vocational area. At the conclusion of the week, students select twelve vocational areas they would like to explore during the first semester. Students will then be placed in a nine-week rotation exploring nine of their twelve choices - students are guaranteed to explore their top three choices.

After completing the nine-week rotation and discussing their options with their parent/guardian, all freshmen will select their top six choices for their final vocational placement. At the end of the exploratory period, all students will be placed in a vocational area based on:

- student's ranking of the vocational areas (1-6 where 1 is their most desired shop)
- the grade the student received during his/her exploratory for that shop's week
- space availability

Students are graded on conduct, effort, cooperation, willingness to follow instructions, follow through on assigned tasks, daily attendance, and personal safety/care of equipment.

A student must receive a vocational assessment grade of 60 or higher in a shop in order to select it as one of their top 6 choices.

It is important that students work to the best of their abilities in ALL exploratories as scores received in other exploratories may be used in the case of a tie for a shop space.

The Guidance Department will make every effort to place the student in one of their six choices. In cases where students are unable to be placed in one of their top choices, the guidance counselor will meet with the student individually and contact the parent/guardian to discuss next steps.

Additional information will be provided, as the students get ready to make their final selections.

Summer Assignments

SUMMER 2022

All incoming freshman are **REQUIRED** to complete a math packet, read one novel, and complete a short essay prompt.

Students are **REQUIRED** to submit their work to their English and math teachers on the first day of school.

To access these assignments, please visit our website:
montytech.net

For questions, please contact
summerassignments@montytech.net

Grade 9 Summer Reading Assignment Requirements

Any questions concerning this requirement should be emailed to:

1. Choose a novel to read.

Browse these sites for books!

[Goodreads.com](https://www.goodreads.com)

[Amazon's Best Books for Young Adults](#)

[Barnes and Noble's Site for Young Adults](#)

and the Library's [SORA](#) reading app page. (SORA provides Lexiles for most books.) Audiobooks **are** allowed. For instructions on how to download free SORA ebooks and audiobooks on your phone or device, visit the [Library's website](#).

Note: You do not need a library card to access SORA, but may expand your selections if you get a [free online Boston Library eCard](#). Instructions are on the Library's website. If you'd like a print book, please visit your local public library or bookstore.

2. Next, use this link: [Find A Book | Lexile & Quantile Hub](#) to determine the lexile level of your chosen novel. The lexile level of your novel must be 700 or greater to qualify as grade level.

If your book is not listed in the Lexile database,
click this link <https://forms.gle/FRcm1b8tisg7uPob9>
to fill out a form for approval.

* Graphic novels do not have lexile levels and therefore do not meet the summer reading requirement *

3. Familiarize yourself with the four essay options using the link below. This will help you focus your reading in order to effectively answer the question.

[☰ Summer Reading Prompts](#)

4. After you finish reading your novel, answer ONE of the prompts in a short essay. Use the links below to help you proficiently answer the question.

[☰ Short Analysis Expectations](#)

MONTY TECH **MARINE CORPS** **JROTC**

PURPOSE

The purpose of the Monty Tech Marine Corps Junior Reserve Officer Training Corps (MCJROTC) program is to:

- Instill the values of leadership
- Citizenship
- Service to Country
- Personal responsibility and a sense of accomplishment

THREE MAJOR OBJECTIVES

- Give students an appreciation for the origin, advantages, and responsibilities of leadership.
- Develop an understanding of leadership skills and the advantages of strong moral character.
- Develop in students a sense of pride, discipline, and personal responsibility.

We are not seeking to recruit for the military and MCJROTC does not obligate students to serve in the armed forces.

We strive to meet Monty Techs mission.

Stop into Student Support Services or the MCJROTC Classroom to ask about the chance to be part of one of Monty Tech's most exciting and demanding elective programs.

ACTIVITIES

Cyber Security Team
Marksmanship
Drill Team
Color Guard

VOLUNTEER

Community Service
Wreaths Across America
Food Shelters
Disaster Relief Efforts

INSTRUCTORS

Marine Instructor
First Sergeant
Jeremy Mickelson
USMC (Ret)
Shane-
dillon@montytech.net

UNIFORMS

Cadets will wear the Marine Corps JROTC uniform one day per week. Uniforms are provided at no cost to the student for participation in the program.

PHYSICAL FITNESS

Physical fitness training is conducted one day per week along with completion of a strength assessment two times during the school year.

CLASSES

Classes will evolve around Leadership Education. The program is progressive with cadets moving from one school year to the next. Freshman Cadets will begin as a Leadership Education One (LE I) and make their way through LE II (Sophomore), LE III (Junior), and LE IV during Senior year. Each year builds on the previous year with additional knowledge and responsibility.

RANK

Promotions occur through demonstrated potential along with consistent adherence to all MCJROTC rules and regulations. Some cadets will have the potential to progress through rank at an accelerated pace through routine demonstration of above average performance.

OPPORTUNITY

Through the MCJROTC Leadership Program, Cadets are more confident and better prepared for their futures, no matter what direction they pursue in the trades, college, or military service.

Leadership

Why SkillsUSA?

SkillsUSA is a dynamic and career-oriented leadership organization focused on individual success at home, the classroom, the community and the workplace. Involvement in SkillsUSA can change your life.

Leadership is influence! There is no better way to build leadership skills than to help others improve. Through SkillsUSA you can plan and implement a community service project, run for chapter office or compete in leadership development events. All of these experiences develop valuable leadership skills such as communication, decision making, group collaboration and problem solving.

Scholarships

Pursuing higher education is costly. Whether you're attending a technical school, community college or university, expenses such as tuition, books and living expenses add up quickly. SkillsUSA members are eligible for more than \$600,000 in scholarships annually at the state and national level. In some cases, there are local scholarships as well. Not only can applying for scholarships lead to monetary awards, but the process also provides valuable experience in completing applications. Give yourself an opportunity to get ahead by taking advantage of the generous support available *only* to SkillsUSA members.

Competition

Do you like to compete for prizes, scholarships and awards? SkillsUSA offers countless opportunities to showcase skills in competitive events while earning recognition that looks great on a résumé. You can compete at the local, regional, state and national levels in areas applicable to your career choice. Not only will this help you learn to work under pressure, but it will also give you a competitive edge in the workplace. You'll also have an opportunity to meet and learn from industry professionals.

Service to Others

There is nothing more fulfilling than helping others. That is why service is one of SkillsUSA's top priorities. You can truly make a difference on your campus or in the community by applying your knowledge and skills through service. The best part is, coming up with a service project is easy and rewarding. Together with other SkillsUSA members, you can share your time and energy to make a lasting difference in your corner of the world.

Travel

Want to see new places and meet new people? SkillsUSA can put you on the road to a variety of destinations depending on your level of involvement. Competitions and leadership conferences can lead to local, state, national and even global travel. Not only is this exciting from a student perspective, but it prepares you for potential careers that require mobility and exposure to different types of people and cultures. If you're ready to broaden your horizons, SkillsUSA is ready to take you there!

Teamwork

Effective teams are fundamental to the success of any organization. Employers seek individuals who effectively work together to accomplish a common goal. SkillsUSA is just the place to learn the fundamentals of teamwork including trust, flexibility, loyalty and conflict resolution. Join a SkillsUSA team and gain valuable experience while building new friendships!

Fun Experiences

It has often been said that life is what you make of it. Much in the same way, SkillsUSA is all about making the most of a member's experience. The best part is, the process of learning new things, meeting new people and seeing new places involves a great deal of fun! What's more, you're in charge! Whether it's attending social activities, participating in competitions, volunteering for a community service project or providing leadership as an officer, you are the master of your SkillsUSA adventure. Do not let this opportunity for fun, learning and career development pass you by. The world of SkillsUSA awaits you ... seize the day!

Welcome Incoming Freshmen

All incoming students will be receiving a school issued Chromebook at the beginning of the school year as part of Monty Tech's 1:1 Chromebook Program.

- Chromebooks will be distributed to incoming freshmen, and all newly enrolled students within the first three weeks of the school year.
- Optional insurance will be offered for the Chromebooks for parents to purchase.
- Parents/Guardians and students are required to sign and return the Chromebook Agreement Form, and the Acceptable Use Policy.
- Technology will be used in your classes, and you will be required to bring your Chromebook to class every day fully charged. Teachers will be using Google Classroom and other tools in class.
- Monty Tech's filtering software will be in place on the device during school and outside of school. It blocks websites that are inappropriate for students.
- You will be able to personalize your Chromebook by purchasing an optional case. You may put stickers and markings on your purchased case, because it is your case. But NO stickers on the device itself are allowed. All items must be appropriate and not violate any school policy or rule. Recommended cases will be available for purchase in the school store.
- Stickers and markings on the outside of the actual Chromebook will not be allowed.
- There will be a presentation about digital citizenship and appropriate social media usage for all students to attend at the beginning of the school year. It will cover topics such as:
 - * Common Sense on Social Networks
 - * How to Present Yourself Online
 - * Ways to Protect Yourself Online
 - * Internet Safety, Using the Internet Responsibly
 - * Cyberbullying and more...
- Devices that are lost, stolen, or vandalized need to be reported to the school's Deans' office immediately, and students will be required to submit a report.
- Technical support will be available through the Technology Department. Do not attempt to repair the device yourself.

**Montachusett Regional Vocational Technical School
1:1 Chromebook Guidelines
Student and Parent Agreement Form**

YOG: _____

Student Responsibilities - Your Chromebook is an important learning tool and is for educational purposes. In order to take your Chromebook home each day, you and your parents/guardians must be willing to accept the following responsibilities:

- I/we understand that the Chromebook is my responsibility.
- I/we understand that Chromebook use is a privilege not a right.
- I/we will not leave my Chromebook unsupervised and will do everything I can to prevent it from damage.
- I/we will honor the Montachusett Regional Vocational Technical School Chromebook Guidelines and the Acceptable Use Policy.
- I/we will not view, create, send, or download inappropriate material.
- I/we will bring the Chromebook to school every day with a fully charged battery.
- I/we will treat the Chromebook as a valuable piece of equipment and will report any mechanical or technical issues to a teacher immediately.
- I/we will not attempt to add, delete, access, or modify other user accounts on the Chromebook.
- I/we will take no action that could interfere with the Montachusett Regional Vocational Technical School network.
- I/we will report inappropriate use to my instructor or an administrator.
- I/we will return the Chromebook when requested by the Technology Department or upon withdrawing from the school.
- I/we will file a police report in case of theft or damage caused by fire and notify the Dean's Office immediately.
- I/we agree to pay the full replacement cost of my Chromebook and/or power cord/charger in the event either of these items are lost or damaged through my own negligence.
- I/we understand that we have the opportunity to purchase Chromebook Accident and Theft Coverage through an partner insurer. The plan costs \$19.50 annually. While not mandatory, the District recommends that parents purchase this coverage to protect against more substantial losses.

I/we agree to the terms above and accept responsibility for the Montachusett Regional Vocational Technical School-owned Chromebook. I understand that I am accepting responsibility and am responsible for the total cost of any damage, destruction, or loss of the assigned Chromebook due to my negligence. I understand that I am responsible for the total cost of replacing a damaged, destroyed, or lost Chromebook any time after the first full replacement cost is incurred by the school.
