

Vocational Interest Program (VIP)

Monty Tech students receive an outstanding education that prepares them for both college and career. The Vocational Interest Program (VIP) gives 7th and 8th grade students an opportunity to experience first-hand, five different trades right at Monty Tech.

Transportation is provided to and from the sending school ONLY for the sessions listed below. You are welcome to have your child attend a different session, but you are responsible for providing the transportation should you chose to have your child attend a session other than what is listed for your town.

Please be sure you are registering your child for the correct session - online links become available one month in advance of that session's registration deadline.
