What to expect?

We are a full-service grooming salon, training students enrolled in the Veterinary Science program at Monty Tech. We are located within the Monty Tech Veterinary Clinic, so visitors will interact with high school students interested in becoming the veterinary professionals of tomorrow.

A certified, all-breed groomer will oversee all care your pet receives. After an initial assessment, the groomer and student(s) in-training will offer a brief consultation to discuss recommended services and treatments. While in the care of the Monty Tech Grooming Salon, you can be assured your pet will receive high-quality, compassionate care.

Payment is due at time of service. A deposit of 75% is expected after consultation, and the remaining 25% is payable upon pick-up. Your appointment time will be longer than a traditional salon, as our students are learning. We thank you in advance for your patience and kindness.
