### **Class Schedules:**

#### *Student Classes:*

At this time, student classes will meet in person after school in a location TBD. All information pertaining to student classes will be sent to the student email we have on file. It is important to note that a class session will not run unless there is a minimum of 10 and a maximum of 25 students enrolled. The RMV requirement for class hours is 30, which includes a culminating exam in order to successfully complete the classroom component.

*Parent Classes:*

At this time, the RMV requires a two-hour parent class to be completed and recorded on each student's file. These classes are offered on the last Thursday of every month to provide numerous opportunities for attendance. Dates and times are all listed below on the "Parent Class Schedule". This is a mandatory class for parents/guardians of students enrolled in driver's education who are attempting to earn a Junior Operator license in the state of MA. No on-road instruction is permitted to occur until this class is completed and recorded on file in our office.

\*\*\*It is important to note that the RMV has NOT determined if these classes will be allowed to be completed via Zoom at this time and updates will follow as information is available.\*\*\*

**Driving:**

Behind-the-wheel training will be scheduled on an individual basis with the instructors once classroom instruction has begun and the student has completed the following four obligations:

1. The student must have a valid learner's permit issued by the Registry of Motor Vehicles. This can be accomplished by having the student take and successfully pass a written learner's permit test at the Registry of Motor Vehicles. Please visit the following website for more information: <https://atlas-myrmv.massdot.state.ma.us/myrmv/#1>
2. A Parent/Guardian class certificate of completion must be on file for the student prior to scheduling road hours.
