

MONTY TECH VETERINARY CLINIC

The Monty Tech Vet Clinic is proud to provide high quality wellness veterinary care for **dogs and cats** of resource-limited families within our community.

Am I eligible for veterinary services?

In order for your pets to receive services through our clinic, all clients must meet the following requirements:

1. Present a **valid, active EBT**

card, issued by the Massachusetts Department of Transitional Assistance along with a matching valid photo ID

2. **Reside within the Monty Tech school district***

The Massachusetts Department of Transitional Assistance determines eligibility for food and economic assistance based on household size, income, expenses, and other non-financial criteria. Those who qualify for Supplemental Nutrition Assistance Program (SNAP), economical assistance through Transitional Aid to Families with Dependent Children (TAFDC), or Emergency Aid to the Elderly, Disabled, and Children (EAEDC) may receive pet care through our clinic.

*The Monty Tech school district includes the following cities and towns:

- Ashburnham
- Ashby
- Athol
- Barre
- Fitchburg
- Gardner
- Harvard
- Holden
- Hubbardston
- Lunenburg
- Petersham
- Phillipston
- Princeton
- Royalston
- Sterling
- Templeton
- Westminster
- Winchendon

Hours of Operation

Monday through Friday, 8:00am – 3:00pm while school is in session

The clinic is only open when the Monty Tech High School is in session. We will be closed for all school recognized closures such as holidays, vacations (including summer), and weather-related closures and delays. **By appointment only – please call (978) 516-0888 to book.**

MONTY TECH VETERINARY CLINIC

What Services do we Provide?

The Monty Tech Veterinary Clinic provides high-quality, subsidized veterinary care within our community ensuring all families have access to valuable preventative and primary care opportunities. Our services include:

- Routine wellness and preventative care visits
- Affordable medications, vaccinations, and preventatives such as flea, tick, and heartworm prevention
- Limited diagnostic services such as lab work, radiographs, and cytology
- Dentistry and primary care surgical services on a limited basis (see below for more information)
- Compassionate end of life care

What to Expect

We are a teaching school operating out of the Montachusett Regional Vocational Technical High School. Visitors will interact with high school students interested in becoming future veterinary professionals. Our licensed veterinarian, Dr. Harackiewicz, oversees all of the care your pet receives.

Clients should expect their appointment times to be longer than those with a traditional clinic as our students are learning. Our primary focus is on high school students and their education in Veterinary Assisting/Veterinary Science. We thank you in advance for your patience and kindness.

Contact Information

We are located within the Montachusett Regional Vocational Technical High School campus, but not within the school itself. Our clinic address is **218 State Road East, Westminster, MA**. You can find us in front of the football and track fields with our own parking lot.

MONTY TECH GROOMING SALON

About Our Salon

We are proud to provide high-quality grooming services to the dogs of our community. Unlike the Veterinary Clinic, there are no eligibility requirements for grooming services — we simply ask that pets be healthy, up to date on vaccines*, happy, and easily handled by high school Veterinary Science students learning grooming techniques.

Grooming prices are based on the type of service and your pet's weight. If you have any questions, please call us at 978-516-0888, and we'll be happy to provide more information.

*Grooming dogs must provide proof of up to date Rabies and Distemper vaccines prior to booking an appointment.
